Dolphin skimmi™ 300

**Cleans every corner, avoids every obstacle.
No manual Skimming Ever.**

Discover the **Dolphin Skimmi™ 300**, the first solar-powered surface cleaner that makes skimming effortless.

Dolphin Skimmi™ 300 glides across your pool with agility, avoiding cords, hoses, and walls to reach every corner where debris collects.

With smart solar charging, it finds the sunniest spot to recharge- no plugs, no downtime, no retrieval. Patented obstacle avoidance and edge-detection ensure 99% coverage while cleaning up twice as fast as the competition.

The **Dolphin Skimmi™ 300** offers advanced retrieval, an edge-cleaning mode, and customisable cleaning sessions for larger or more demanding pools. With the **Maytronics One™** app, you can switch modes, schedule cleanings, or call it to the edge with a tap.

The Dolphin Skimmi™ Difference

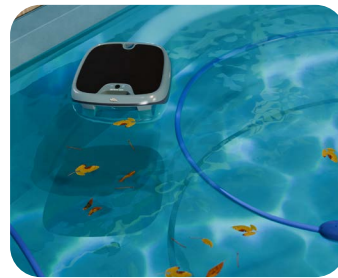

Smart Solar Recharge

Seeks the sunniest spot to recharge - no retrieval, plugs, or downtime.

Intelligent Sun-Seeking

Keeps Dolphin Skimmi™ cleaning continuously, with no plugs, timers, or hassle.

Obstacle & Edge Control Technology

Patented tech ensures 99% coverage, guiding Dolphin Skimmi™ past cords, walls, and corners.

Maytronics One™ app

Manage modes and guide Dolphin Skimmi™ to the edge - pool care at your fingertips.
