TREATMENT

ACTIVE CONSTITUENTS:  
100g/L BENZALKONIUM CHLORIDE  
50g/L COPPER  
present as  
ORGANO-COPPER COMPLEX

APVMA: 53105/56462

## CONDITION OF SALE

FOCUS PRODUCTS P/L will not accept any responsibility howsoever it will arise and whether consequently or otherwise in connection with the supply or use of these goods other than their responsibility for the merchantable quality of the goods and such responsibilities mandatorily imposed by applicable statutes. To the extent allowed by such statutes the liability of FOCUS PRODUCTS P/L is limited to the cost of the product purchased.

## DIRECTIONS FOR USE

Algaecide products MUST be used with a registered sanitiser when the pool is used for bathing.

	POOL CAPACITY (LITRES)			
	10,000	20,000	50,000	100,000
Dosage Rate	200mls	400mls	1 Litre	2 Litres

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

Copper concentration in the swimming pool must not exceed 1mg/L.

## CAUTION

**Not to be used as a food container**

Excessive copper concentrations may stain hair and swim wear as well as discolour pool surfaces.

## GENERAL INSTRUCTIONS

Clean the pool thoroughly, brush walls and floor. Vacuum pool.

Adjust pH to between 7.2 - 7.6. Filter as normal.

DO NOT add via the pool skimmer.

After adding product switch off the filter and brush the walls and floor of the pool thoroughly.

Allow sediment to settle for 2-3 hours then vacuum directly to waste.

If necessary repeat after 2-3 days.

Copper in water reduces the activity of chlorine and bromine. Check Chlorine or bromine levels after applying this product and adjust according to those product's instructions.

DO NOT add Calcium Hypochlorite or any alkaline material for 72 hours after adding the product.

## WINTER MAINTENANCE

Use as a winteriser in the non-swimming months to keep pools free of most algae. If the pool is not intended to be used for bathing such as during winter, an algaecide may be used without a sanitiser for algae control.

## STORAGE AND HANDLING

Keep out of reach of children.

Store in the closed, original container in a cool dry place out of reach of children. DO NOT store in direct sunlight.

2L: Dispose of the container by wrapping it in paper, placing it in a plastic bag and placing it in the garbage bin.

5L: Triple or, preferably, pressure rinse containers before disposal. Add rinsings to the pool. DO NOT dispose of undiluted chemicals on-site.

Break, crush, puncture and bury empty containers in a local authority landfill. If not available bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Empty containers and product should not be burnt.

## SAFETY DIRECTIONS

Will damage eyes. Will irritate the skin. Avoid contact with the eyes and skin. When using the product, wear rubber gloves. If the product is in eyes, wash it out immediately with water. Wash hands after use.

## FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126; New Zealand: 0800 764 766. If swallowed, DO NOT induce vomiting. Give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.
