QUICK FLOC CLARIFYING FLOCCULANT

ACTIVE CONSTITUENTS:
POLY ALUMINUM CHLORIDE complex

CONDITION OF SALE

FOCUS PRODUCTS P/L will not accept any responsibility howsoever it will arise and whether consequently or otherwise in connection with the supply or use of these goods other than their responsibility for the merchantable quality of the goods and such responsibilities mandatorily imposed by applicable statutes. To the extent allowed by such statutes the liability of FOCUS PRODUCTS P/L is limited to the cost of the product purchased.

GENERAL INFORMATION

QuickFloc is a super-concentrated liquid floc designed specifically to drop all suspended particles to the pool floor in as little as 4-6 hours. QuickFloc is equally effective in salt and chlorine pools and can be used in a wide range of pH.

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

DIRECTIONS FOR USE

QuickFloc can be added to the pool at any time during the season. QuickFloc achieves excellent results when clearing a newly filled pool and can cut non-swimming time when clearing a green pool.

POOL CAPACITY (Litres)

Dosage Rate	10,000	20,000	50,000	100,000
Cloudy Water	60mls	120mls	300mls	600mls
Extremely Cloudy	120mls	240mls	600mls	1.2 L
Heavy contaminants	200mls	400mls	1L	2L

Adjust pH to 7.6 or above and Alkalinity to 80ppm or above

Turn filter to bypass or re-circulate

Dilute the required dose of QuickFloc into a bucket of water and add evenly to the pool.

Leave the pump on for 1-2 hours then switch off and allow all particles to settle to the floor of the pool.

With filter set to 'waste' attach a hand vacuum and vacuum all debris to waste. After vacuuming, add necessary fresh water to maintain correct filtration levels and return to normal filtering for a further 6 hours.

Check water balance before swimming

IMPORTANT - WHEN USING QUICK FLOC ENSURE FILTER PRESSURE DOES NOT EXCEED MANUFACTURER'S RECOMMENDED LEVELS

CAUTION

NOT TO BE USED AS A FOOD CONTAINER.

STORAGE AND HANDLING

Keep out of reach of children.

Store in the closed, original container in a cool, dry place. DO NOT store in direct sunlight.

SAFETY DIRECTIONS

Harmful if swallowed. Will irritate the eyes, nose, throat and skin.

Avoid contact with eyes and skin. Wash hands after use. DO NOT mix with other chemicals.

FIRST AID

If poisoning occurs, rinse your mouth with water. If vomiting occurs, give a glass of water. For further information contact a doctor or Poisons Information Centre (phone 131126). If swallowed, DO NOT induce vomiting, give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.
